M-FG-P9943-15

The top (outside) layer of the seat cover is smooth so porters and technicians can "slip" in and out of vehicles easily. This allows them to work faster without the need for extra caution.

The bottom (inside) layer of the seat cover is formulated with a high friction plastic so that it can "grip" itself into place on cloth, leather and carpet. This layer keeps the product in place for continued protection.

INDIVIDUALLY CUT HAND WRITTEN STATIC CLING SERVICE REMINDERS

This is an excellent item to promote repeat customer business. It keeps your customer's name, the service to be done, and the time to do it in constant view. Much more effective than a door jam sticker. The static cling vinyl will cling to almost any smooth surface. We suggest placing the sticker in the upper left hand corner of the windshield. There is no adhesive residue and they can be removed for cleaning and replaced. We use a silk screen printing process for a high quality imprint and a writing strip that won't allow the ink to fade. We guarantee it, and no special pen is required.

Custom Static Cling Stickers

Customer Service / Orders: 800-999-6556 x3112

Email: orders@petoskeyplastics.com

How to order personalized static cling service reminder stickers:

1. Select a type and style:
 - a. We have individually-cut, clear stickers that come in a box of 1,000 and are for handwriting. We also have thermal white or clear stickers on a roll of 500 designed to be used in our printer & keyboard unit for more professional results. This unit is stand-alone and only requires power. If the unit was not purchased from us, please ensure the customer has the identical unit to ensure that the stickers will print properly.
 - b. Style: The customer needs to decide if they want their logo one color, two colors or three colors. There is a one time print plate charge of \$50 for each color.
2. Gather customer information:
 - a. Secure a high resolution logo plus customer name, address, telephone number and contact person and contact telephone number from customer. A logo taken from a website is not of sufficient resolution.
 - b. Send this information along with the desired style and size to: orders@petoskeyplastics.com
 - c. We can use a logo from a business card. Send the actual business card and your contact information to: Petoskey Plastics, One Petoskey Street, Petoskey, MI 49770 Attn: Customer Service Department.
3. Create and approve the proof:
 - a. We create a PDF proof in two days and send this proof electronically directly to the customer or the salesperson. Please specify which you prefer.
 - b. Customer approves proof (we repeat the process if changes needed).
4. Order submission and shipping:
 - a. You must secure and submit the purchase order to Petoskey Plastics. The minimum order for hand-written stickers is one box of 1,000. The minimum order for thermal printer stickers is 10 rolls of 500.
 - b. Product is manufactured and shipped from our Dayton, OH facility within three weeks of the artwork approval date.
 - c. Product is shipped plus freight charges.
