# OE FIT, FORM AND FUNCTION

## MASTERPRO SELECT WATER PUMPS

100% NEW MasterPro water pumps deliver OE look, fit and performance. MasterPro water pumps meet or exceed OEM standards in design, materials, and manufacturing, down to the number of impeller fins.

## COMPLETE COVERAGE

With over 800 cataloged water pump applications, MasterPro provides complete coverage for domestic, Asian, and European cars and light trucks – as well as heavy-duty, and industrial applications.

**MASTERPRO  
SELECT**

## FEATURES AND BENEFITS

**MASTERPRO  
SELECT**

### ■ COOLING

OE designed impellers deliver specified coolant flow rate.

### ■ QUALITY

Hardened bearing shafts wear evenly, last longer.

### ■ OE DESIGN

OE style pump bodies are constructed of aluminum alloy, cast iron or stamped steel.

### ■ LONGEVITY

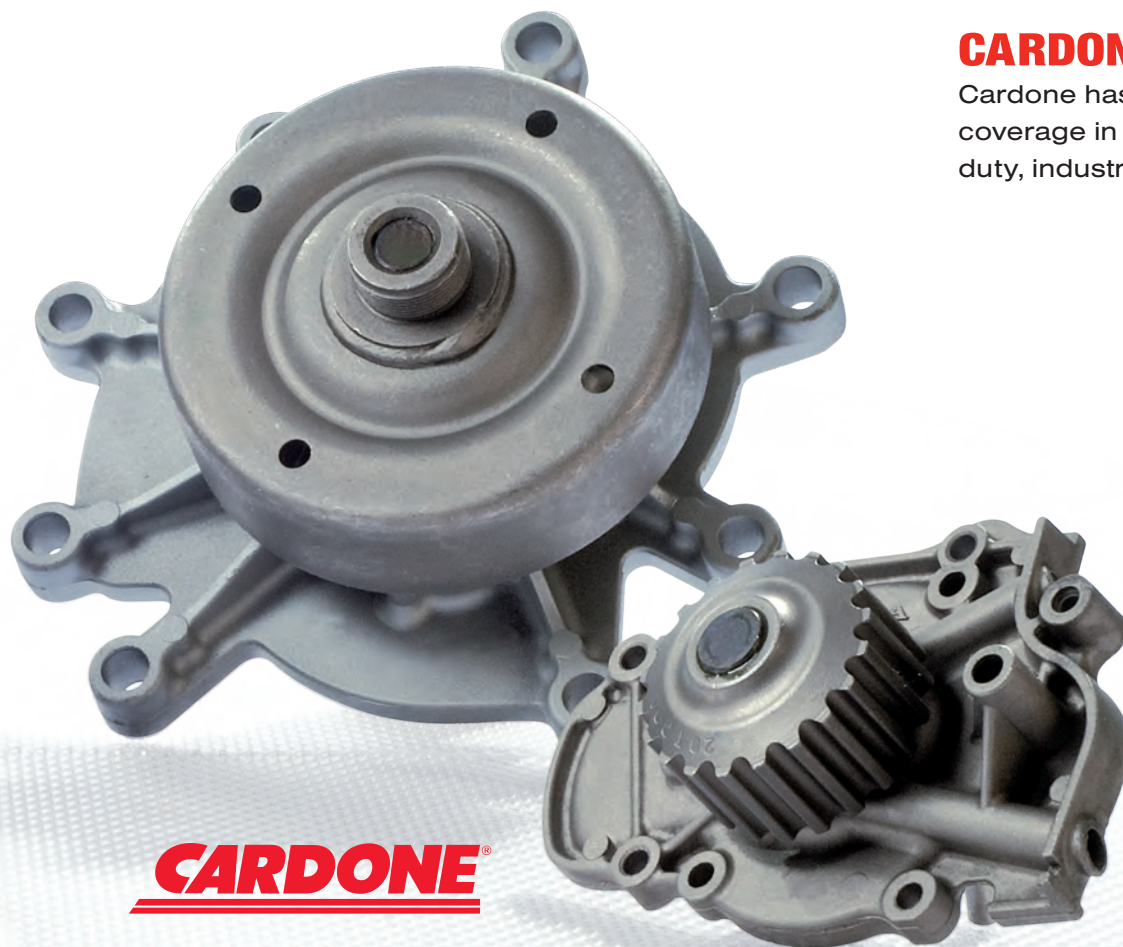

Precision machined hubs run smoothly under heavy loads.

### ■ PRECISION

OE style bearings handle total front-end accessory drive load.

**CARDONE WATER PUMPS**

Cardone has the most complete remanufactured water pump coverage in the industry, including import and domestic, heavy-duty, industrial, marine and agricultural.

**CARDONE**

**MURRAY THERMOSTATS**

Murray thermostats meet or exceed OE specifications for all automobile manufacturers.

**MURRAY PLUS**

- High-grade dual bridge stainless steel construction

**MURRAY ULTRA**

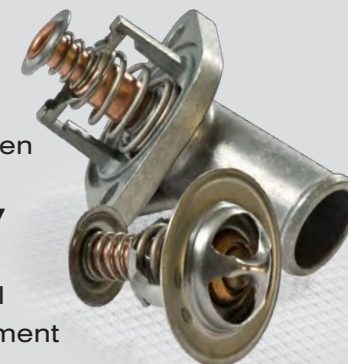

- Triple-bridge design and up to 60% more coolant flow

**MOTORAD FAIL-SAFE**

- Automatically locks open during overheating

**MOTORAD HEAVY-DUTY**

- Fleet and Heavy-Duty, Construction, Industrial and Agricultural equipment

**CARDONE**

**TESTING**

100% computer tested for quality and reliability.

**COVERAGE**

Coverage for popular late-model pump applications and hard-to-find early-model applications.

**OE DESIGN**

All pumps meet or exceed OE specifications in design and materials.

**LONGEVITY**

Exclusive rust preventative coating improves appearance and increases product life.

**PRECISION**

Knurled castings to prevent bearing movement.

**READY-RAD**

# TEMPERATURE CONTROL

## **READY-RAD RADIATORS**

Vista-Pro's Ready-Rad® Radiators are unparalleled in the industry. With over 1200 models covering 95% of the automotive light truck and SUV applications on the road today, you're sure to find the model you need.

## **VISTA-PRO READY-AIRE HEATER CORES**

Ready-Aire® Heater Cores offer a full line program with coverage for over 95% of the light duty vehicles on the road today.

- Aluminum heater cores are designed to reduce premature failure
- Copper/Brass heater cores are designed to provide maximum strength and prevent pipe to tank leakage

## **FEATURES AND BENEFITS**

**READY-RAD** ■ **COOLING**  
Improved engine cooling performance over the competition.

■ **STRENGTH**  
Greater strength against vibration, pressure cycle and distortion.

■ **OE DESIGN**  
Designed and engineered to improve on OE standards, solving original design features.

■ **HEATBUSTER**  
Special application radiators designed specifically for vehicles that require extreme cooling performance.

■ **LEAK PROOF**  
Patent-pending oil cooler design provides better seal vs. the competition.

VDO

## VDO COOLING FANS

OE engineering experience is what sets VDO apart from the competition. VDO has the expertise to guarantee OE fit, form and function, first time, every time. VDO offers a broad range of cooling fan motors and cooling fan assemblies for virtually every vehicle in operation.

## HAYDEN FAN CLUTCHES

Hayden Fan Clutches offer the look, fit and performance of OE fan clutches.

- Clutch Fans
- High Flow Electric Fans & Controls
- Oil and Transmission Coolers

 **HAYDEN**<sup>®</sup> AUTOMOTIVE  
A COMPANY OF FOUR SEASONS DIVISION / STANDARD MOTOR PRODUCTS, INC.

### VDO COOLING FANS

#### ■ TESTING

Global OE testing facilities ensure the latest OE designs and expertise.

#### ■ COVERAGE

The most comprehensive line in the industry.

#### ■ OE DESIGN

Ensures optimal performance and ease of installation.

#### ■ OE CONNECTORS

Exact fit and trouble-free hook ups save service bay time.

GATES

# THE CHOICE OF PROFESSIONALS

## GATES BELTS AND HOSES

Gates is the world's largest manufacturer of belts, hose and tensioners. Around the globe, Gates is Original Equipment (OE) with products on every major import and domestic nameplate on the road today. Because Gates is an OE supplier, its products are engineered to the highest quality specifications, assuring years of trouble-free operation.

## 100 YEARS OF INNOVATION AND EXPERIENCE

As one of the world's leading manufacturers in the automotive industry, Gates offers the most complete line of OE quality products backed by almost 100 years of innovation, experience and customer satisfaction.

## FEATURES AND BENEFITS

GATES  
BELTS & HOSES

### ■ SERPENTINE BELTS

Gates Micro-V AT® belts are manufactured with OE proven EPDM rubber compounds for longer life and reduced noise.

### ■ STRETCH FIT

Gates Micro-V® Stretch Fit™ belts utilize OE technology to produce self tensioning belt capabilities for application specific drives.

### ■ TENSIONERS & PULLEYS

Gates DriveAlign® premium quality tensioners and pulleys meet or exceed all OE specifications, ensuring proper performance of the belt drive system.

A Tomkins Company

## GATES DRIVEALIGN AUTOMATIC TENSIONERS

Gates premium quality DriveAlign tensioners are application specific and meet or exceed OE requirements for both performance and fit. Gates' full-line tensioner program covers more than 200 million vehicles, including imports.

**MASTERPRO**  
BELTS & HOSES

## MASTERPRO BELTS AND HOSES

MasterPro Belts and Hoses are designed for the budget conscious customer who wants quality, but does not require the superior performance and life of Gates premium belts and hoses.

### COOLANT HOSE

Gates molded, branched and small i.d. coolant hoses utilize OE specified Electro Chemical Resistant (ECR) technology for maximum life and reliability.

### TIMING BELTS

Gates is the largest manufacturer of OE timing belts in the world. Gates Timing Component Kits contain everything needed to do a complete timing repair.

### FLEET

Gates complete line of Fleet and Heavy-Duty cooling system products are designed to continually drive down your cost per mile.
